### Here and There

(Raymond Davis)

Silver Dollars and also gold are not so conspicuous as of old.

A man stole thirteen fur overcoats last week. Don't blame him a darn bit.

Must have sports says principal of Ridley College. Well we have sure got em.

When a man decides he knows everything, it is time for him to go farming.

When some girls attract a man's attention, they want to keep it.

Widow Brown has changed her morning gown for an evening gown.

A hen on the nest, is worth two on the roost.

I'll bet there was not much unemployment in the period that they were building them Pyramids.

It should be unlawful to run a car with gasoline and whiskey, if the mixture is just fifty-fifty.

### ALBERTA LITERATURE

Alberta Teachers and Canadian Book Week, Nov. 16-30.

During the week November 19 to 30 throughout Canada, schools literary societies, patriotic organization, and all good citizens are invited to consider the claims of Canadian Literature. A reprint of an article giving an outline of the development of Canadian Literature by Miss Marion Lockhart is being sent, through the mails to teachers and others interested. It is hoped that teachers will make use of the material contained in this article for a series of talks to their pupils during this week.

The associated publishers in Canada have decided to offer 500 Canadian Book prizes for school essays on Canadian literature. Teachers who set essays on this subject are asked to send those they consider the best to Findlay I. Weaver, Executive Secretary, Canadian Authors Week Campaign, 263 Adelaide Street, West, Toronto. The 500 best essays will be selected by a committee nominated by the Canadian Authors Association.

When the essays are forwarded for competition, particulars as to the age of the pupil should be attached as this information will be taken into account in awarding the prizes. December 31st, 1921, is the closing date for receiving essays. Alberta has a large number of men and women who have attained fame in the field of literature. Doubtless this essay competition will show that amongst the boys and girls in the public and high schools there is talent which later will help us to hold our place as a literary people.

### NOTICE

The Board of Managers of the Presbyterian Church, have decided to change the end of the financial year to December 31st, so they would be pleased if all contributors would have their contributions paid in full for the year before that date.

During the next fortnight the town will be canvassed to collect sufficient to meet the deficits for the year, and to obtain subscriptions for 1922.

### FAREWELL ADDRESS

Rev. and Mrs. A. E. Hayes Leave Vulcan

The Rev. A. E. Hayes delivered his farewell address on Sunday evening to a large congregation at the Vulcan Union church. Mr. Hayes has been pastor here for two years, during which time he has labored faithfully and energetically in all branches of the church work, as well as in community affairs. His work in organizing the Boy Scouts and later the Trail Rangers and the Tuxis boys is deserving a special mention. He was one of the boys in this splendid work, always holding up to them high ideals and noble aspirations, which will live forever in the hearts of the boys.

His pulpit orations were always the product of careful study and were characterized by their originality of thought, high moral and religious tone and applied always to present day living, and practical Christianity.

Mr. Hayes has been called to West Mount Presbyterian church, Edmonton and assumes the pastorate there at once. Mr. and Mrs. Hayes leave a large circle of friends in Vulcan, who wish them a large measure of success in their new charge.

### CURLING

Result of President and Vice-President Games

As is the usual form in starting of the curling season, the President and Vice-President have to play their games before the regular schedule starts. This year the Vice-Presidents are due to treat the Presidents to the Oyster Supper. The following are the games played and results:

President	Vice-President
J. Wolfe . . . . .	Ed. Charters . . . 9
T. B. LeBow . . . . .	F. Anderson . . . 4
C. Hall . . . . .	E. J. Stewart . . . 10
D. C. Jones . . . . .	A. J. Flood . . . . 8
A. G. Spooner . . . . .	W. D. Allan . . . 10
F. Elves . . . . .	W. E. Butchart . . 11
Total . . . . . 68	Total . . . . . 52

### AVERY-LANOU

Two Vulcan District Residents United in Marriage

A quiet, but very pretty wedding was solemnized at the home of Mr. Henry Lanou, when his youngest daughter, Viola Alena was united in marriage to Mr. Herbert R. Avery, the Rev. Father Beausoleil, of High River, officiating. The bride wore a waist of pink georgette and a skirt of silver cloth and a veil with a coronet of orange blossoms, carrying a shower bouquet of yellow chrysanthemums. She was attended by Mrs. Laura Wilhart, who wore a gown of pink silk mull and corsage of pink carnations. Little Miss Geneva Fortier acted as flower girl, while little Henry Wilhart acted as ring bearer. Mr. T. Carruthers attended the groom.

After the ceremony the guests sat down to a most delicious turkey supper. The happy couple then left for their future home.

### FAREWELL SERMON

At the Union church Sunday morning the minister took for his text the same verse of scripture from which he preached his first sermon at Vulcan. "We become like those we live with," said the minister. The disciples became like Christ because they lived with him. But it is not necessary to see a person to become like that person. We can have their spiritual presence, which is even a closer and of more intimate form of friendship than the visible. Paul never saw Christ while on earth. Students of Shakespeare did not see the great dramatist, but they studied his works and his words and thereby got to know him. In the same way we can know Christ and make Him our constant companion.

At the close of the morning service communion was dispensed. Seventeen persons joined the church last Sunday. In the evening the minister gave his farewell sermon, and left Monday for Edmonton.

Rev. W. J. Kidd of Ootokots will occupy the pulpit this Sunday.

### THE "TRAIL RANGERS" WEEKLY MEETING

The "Beaver Camp" met in the Secondary School on Tuesday, Nov. 22, with an attendance of 22 members. After the usual opening, the new members were put through their initiation in double quick time. The camp was then divided into two groups for games; Charlie Kathlow being appointed leader of "The Reds," and Arthur Key leader of "The Blues." These groups competed in various exciting games, scores of which were kept. Great enthusiasm was shown by "The Blues," when the grand total on the score-board showed a majority in their favor.

The new mentor Ian S. Macdonald then gave the boys an agreeable surprise by "swiping" a bag of peanuts with a baton, and scattering the contents amongst them. It is pleasing to say that no casualties were sustained in the wild scramble for the elusive peanuts. At the close of the evening a grand clap was given for Mr. Hayes, this being his last night with the boys. During the time Mr. Hayes has been in Vulcan he has taken a very active interest in boys' work, and it is with great regret that they see him go; but wish him every success in his new sphere of ministration.

### LADIES' AID MEETING

The Vulcan Ladies' Aid of the Union church, met at the home of Mrs. T. B. LeBow on Thursday, November 24. Some time ago the Ladies' Aid and Mission Society joined for the purpose of aiding the relief, but it has now been decided that each society carry on separately. At the close of the meeting the hostess served a very dainty lunch, after which the ladies present presented Mrs. Hayes, who left that evening for Edmonton, with a small piece of cut glass.

The Ladies' Aid will meet the last Thursday of each month and the Mission, the second Thursday of each month.

### LOCAL ITEMS

Mr. J. Nalmsmith was a business visitor to Calgary last week.

The "Advocate" will pay ten cents each for the first three "Advocates" of October 19.

Mr. Perry, government representative, was a business visitor in town on Saturday last.

Born on Tuesday, November 13, to Mr. and Mrs. C. M. Buster, of Vulcan, a daughter.

Miss Ella Miller, who has been engaged at Miss Rhinehart's hospital left last week for Lima, Ohio.

Mr. Fred Elves and son, Gordon, were visitors to Cayley over the week-end.

Mr. Fred Bliton, stock buyer of Calgary, is a business visitor in town this week.

Mr. and Mrs. Herbert Avery, will be at home to their friends the first week in December.

It is requested that all clothing to be donated to the Relief Committee, be properly cleaned.

Mr. and Mrs. W. H. Clark left Monday evening for Red Deer where they will spend the winter months.

Band concert Sunday evening after church services. Good program is guaranteed.

The Community Club Supper will be held on Friday evening. Supper to be served by the Ladies' Auxilliary.

Mr. C. Y. Jones, representative for the Wrigley Directory, was a business visitor in town last Thursday.

Mrs. Denby and Master Pat, of Calgary, are visiting with Mrs. Harry Jacques, Mrs. Denby's sister.

Dr. Leady, of Calgary, and W. R. Fulton, Meighen government candidate, will speak in the I.O.O.F. hall on Friday evening at 9 o'clock.

Mrs. Barker and two daughters, Misses Vickie and Lenore left Saturday evening for Edmonton, where they will reside in future.

The Vulcan Women's Institute will meet at the home of Mrs. Will Walker, on Friday, December 2. A good attendance is requested.

Mr. Raymond Davis was a visitor to Crampion on Monday, attending the Chautauqua which is being held in that town.

A large number of Vulcan's young people are contemplating attending the dance to be held at Brant on Friday evening.

Mr. Stephens, of Calgary, who has been attending to Mr. Sid Northcott's business during the latter's absence, has returned to the city.

A sack of registered mail was stolen from the T.N. and O. railway on Saturday containing securities valued at \$10,000.

Mr. Sid Northcott, who has been visiting in Calgary for the past week, returned on Sunday evening. While in Calgary Mr. Northcott attended the annual poultry show which was held at the exhibition grounds.

The Vulcan Skating Rink opened on Monday evening to the general public. There was a large crowd on hand. Season Tickets may be obtained from Mr. F. A. Kothlow, at any time.

A fairly large crowd attended the "Dollar Dance" held on Friday evening last, as large as was expected. The next dance will be held on Friday, December 9.

Mr. and Mrs. E. P. Nieman, of Calgary, who have been visiting with Mr. and Mrs. Arthur Nieman for the past week, left for their home on Monday evening.

Dr. Scott, superintendent of schools states there is a considerable increase in the number of applications for positions as teachers over that of last year.

Leave all clothing for the Relief Committee at Mrs. Reid's store. It is requested that the people of Vulcan will help the committee in every possible way.

A U.F.A. meeting in the interests of E. J. Garland, U.F.A. candidate, will be held in the I.O.O.F. hall, Saturday evening at 8 p.m. Everybody invited to attend.

A meeting of the Executive of the Vulcan District School Fair Association, will be held on Saturday, Dec. 10. Place of meeting to be announced later.

Don't forget to attend the Band Concert to be given after church services Sunday evening. The band boys have a first-class program, and we are sure that it will please you. Collection to be taken at the door.

During the curling game on Monday evening with Spooner vs. Stewart it was noticed that several of Spooner's rocks did not get past the hog-line. Ernie Russell is a member of the "Rough-Necks" and he sells chewing gum, probably that is the reason that Spooner's rocks did not get down very far.

ESTABLISHED 1872

WE cash Victory Loan and Dominion War Loan interest coupons at par, and without charge.

It is easy enough to spend the apparently small amounts represented by these coupons; it is better to deposit them in a Bank of Hamilton savings account until such a time as the money is really required.

### CHAUTAUQUA

(High River Times)

The Winter Chautauqua has come and gone and with the usual unlucky financial results to the guarantors. The previous engagements of this association were not a burden to the men who guaranteed the success of the entertainment as the amounts of deficits were nominal; from two to five dollars being the outside requirements for each to pay. This year however, when dollars are hard to get up, the assessment on each guarantor was in the neighborhood of \$16.00 each, which did not look good enough for most of the present guarantors to repeat and many of them, consequently, are holding off the signing of a contract for next year. A number have, however, signed up, but up to the present writing, the required number of fifty is far from obtained. As to the merits of the different attractions offered and the price asked to admissions to the different entertainments, we, none of us, have any complaint. The same are cheap for the offerings, but if the people in general do not want them and will not attend them, as is evidenced by the poor attendance, then why try to force it on them to the sacrifice of one's own purse. It certainly is not a pleasure for the local committee to solicit its success by selling season tickets to their neighbors who seem loath to take them, and by otherwise spending their time and money in an endeavor to meet the required and previously signed contract of the Chautauqua committee. And all what for? The obtaining of a contract by the Chautauqua is strictly a business proposition with them and is unserving in its terms no matter what the results; receipts may be. We understand that they were requested this year to partly defray the loss sustained by the guarantors but refused and insisted upon the settlement of the contract, by marked cheque, strictly on its terms. This was their option, but it displayed no sympathy with the outcome of their endeavors. If the attractions as offered by the Chautauqua Association are so good and possess such drawing power, why do not they present themselves and offer their entertainments to the public on their merits and abide by the financial results, as do all other business enterprises of profit and loss? Why should a few citizens of our town be held responsible for the financial outcome of a personal business and by their guarantees protect them in their profits to their own personal loss and sacrifice and with little satisfaction to themselves. Time is, when such enterprises must stand on their own merits and reap the benefits or losses of their promotions as do other business men of a community.

### DAIRY BARN DESTROYED

Messrs. P. L. and Frank Sim were in receipt of word this week of the destruction by fire of the large dairy barns of their brother, Mr. H. C. Sim, a dairyman of the Hanna district. It was the worst fire that ever took place in that locality. The total loss is estimated at between \$10,000 and \$12,000. Besides the loss of the barn and over \$3,000 worth of feed, Mr. Sim lost 12 head of cattle and 35 hogs.

### PRINCE'S SHORTHORNS

The Prince of Wales is getting together some excellent herds of shorthorns not only on his farms in the Old Country, but on his ranch at Beddington, in Alberta, as well. Just the other day a beautiful shorthorn heifer was purchased on his behalf at the sale of pure-bred stock belonging to Mr. Wallace of Balcarney. It was the "pick of the bunch," and cost the Prince 600 guineas—the record for females at the shorthorn sales. I do not suppose it is generally known—but it is a fact nevertheless—that the King is the largest owner of pure-bred stock in the kingdom.—Old Country paper.

## BIG SAVING IN PHONE DEPARTMENT

President Woods Gives Address in This Riding in Behalf of Mr. Coote. Denounces Party System

That \$25,000 per month or \$300,000 per year already is being saved the people of Alberta by reduction of expenses in the new department of telephones and railways at Edmonton was one of the startling announcements made by President Wood of the U.F.A. at the meeting held at Frank in the interests of George G. Coote of Cayley, U.F.A. candidate in the Macleod riding.

Mr. Wood went on to explain details of the million telephone poles scattered all over the province and pointed out they would meet the provincial requirement for the next three years and that there would be \$100,000 depreciation on the poles each year, 7 percent interest would add another \$7000 to say nothing of the waste through stealing.

The president of the U.F.A. made it clear to the meeting that it was his conviction that there was no hope of eliminating the evils of party politics so long as elected representatives operate the political machinery. He said the U.F.A. had succeeded in separating politics from legislation at Edmonton and had sent men there to carry on the business of the province in the most efficient manner possible. The hope was held out to the audience that what democratic group organization in politics had already accomplished for the province could be accomplished also at Ottawa.

The important task, Mr. Wood explained, was to have actual democracy developed so that the people could govern themselves through their representatives and not have the people governed by their representatives. He pointed out that nobody dictated what U.F.A. conventions shall do and that the U.F.A. is one of the few organizations in the world today that truly is democratic. We offer you that system tonight, declared President Wood, as a substitute for the old party system that has proved absolutely unqualified to deal successfully with the great social problems that confront the country today. He explained that proportional representation must be had to make democratic group government fairly workable and have all groups properly represented in parliament.

Geo. Coote, the U.F.A. candidate, followed President Wood and reviewed the condition of the farmers which he declared equalled bankruptcy. The farmers were forced to enter politics to protect themselves from class legislation at Ottawa in the interests of the profiteer class.

### GREAT CHANCE NOW FOR CATTLEMEN

Pat Burns, interviewed the other day at Vancouver, reaffirmed his prediction that beef cattle would be worth next spring double what they are worth today. Mr. Burns said: "You can figure it out for yourself. Cows, for instance, are now selling for 2½ cents a pound. Along in the spring, as you know, even in the old days, cows were worth 4½ to 5 cents. There has never been a better chance for the cattle men than right now. Cattle always go up in the spring. Cattle feed is cheap, and with grain low and plentiful, your cattle will not require to be fed so much hay."

### Local and General News

A. E. McClary of London who died recently left a fortune of over a million dollars to his son and daughter. He was a stove manufacturer.

Admission of the possibility that Ulster and the south of Ireland may some day unite "of their own free will" in the government of all Ireland was ascribed on Tuesday to Sir James Craig, in an interview published in the Daily Mirror.

Sir Lomer Gouin, addressing the electors of the Laurier-Outremont division of Montreal on Monday said that on the solution of the railway problem in a fair and intelligent way will depend the destinies of the country.

Two hundred out of work men who ended last fall in Winnipeg are causing trouble to the civic authorities and they will be sent to where they originally came from across the line. Canada has enough to do to look after her unemployed without having the out-of-work from the States added thereto.

## EFFICIENT LIVE STOCK PRODUCTION

Mr. Muir, Experimental Farm, Ottawa Says Present is Constructive Breeder's Opportunity

With livestock farming acting, as it always will, as the main contributing factor in the upkeep of the fertility of the land and of a permanent type of agriculture, there should never be a time when the livestock breeder need curtail his breeding opportunities or lose sight of his goal—quality livestock for efficient production. In periods of low prices, it is sometimes necessary for the farmer to neglect the future in order to take care of the present. It may also be necessary for a farmer who lacks capital to follow methods which he would change under other conditions. But, in general, it is advisable to follow a system of livestock farming that will ensure a steady and ever-increasing return.

Such returns cannot be looked for when the breeder is handling stock of questionable productivity and working on an "in and out" system. Under such a system, he is usually "out" when he should be "in," and vice versa. On the other hand, the breeder who has high quality, productive stock and who holds on through thick and thin, reaps his reward when the law of supply and demand again raises prices to a remunerative level. It is not sufficient to stay "in." Every effort should be bent to increase the efficiency of the live stock. The breeder who did not get rid of his inefficient stock when prices for meat were at a high level missed a golden opportunity, but it is no reason why he should let them continue to eat their heads off now. It would, in many cases, be more economical to give them away than to keep them.

It would be a gloomy outlook indeed if the foregoing picture had not its sunny side as well as its dark one. Practically every improver of live stock must be continually looking outside his own herds and flocks for new blood if he is to continue effecting improvement. Therein lies the sunny side, for even the breeder of high-class stock has been hit, though not so hard as the breeder of mediocre stock, and he has to meet the falling off in demand by a reduction of prices. As a consequence breeding stock of a quality to bring about rapid improvement in the average herd or flock can be obtained at reasonable prices. This is particularly true of sheep and swine and to a lesser degree of cattle and horses. Any farmer or breeder who feels or knows that he is handicapped under the present conditions by the lack of productivity or quality in his stock, should take steps immediately to secure improved sires to put at the head of his herds and flocks. Undoubtedly, there is no way in which improvement can be wrought more thoroughly and more economically than through the use of improved sires. If you have been using scrubs, replace them by purebreds of the highest quality obtainable. If you have been using purebred sires, have given their progeny a decent chance and have not achieved any improvement, then the purebreds used could not have been of desirable type and quality. Discard them and, when procuring others, demand and get even though at greater cost, sires from proven ancestry.

While the use of top-notch sires is one of the best methods of improvement where capital is limited, the introduction of a few choice females into the herd or flock, where capital will permit, will bring about the desired improvement much earlier. Let every person, then, who calls himself or herself a "breeder of livestock"—whether there is no nobler art—bend every effort and grasp the present opportunity to put their herds and flocks into a state of efficiency that will enable them to produce economically throughout any kind of a seasonal or market situation. Bring back industry by being industrious. It is possible to be industrious and not accomplish anything, but not so with the efficiently industrious.

## CANADA'S TRADE BALANCE RIGHT

Exports \$80,000,000 Over Imports for the Year Ending October 31

A summary of the trade of Canada for the 12 months ended October 31, issued by the external trade branch, shows a total import trade to the value of \$859,626,267 for 1921, as compared with \$1,339,639,453 for 1920. Duty collected in 1921 period amounted to \$127,481,946, as against \$210,236,382 in 1920. Total exports during the period in 1921 amounted to \$941,566,435, as compared with \$1,263,784,533 in 1920 and \$1,252,051,959 in 1919. During the 1921 period Canada imported goods from the United Kingdom to the value of \$129,035,546 and exported goods to the United Kingdom to the value of \$296,778,084. Imports from the United States during the same period amounted to \$69,057,273 and exports to the United States to \$392,066,012.

### UP TO THE DOCTORS

Physicians and surgeons of Alberta have had it put squarely up to them, by Attorney-General J. E. Brownlee of the new U.F.A. government as to just how many liquor prescriptions each one shall write during a month. By giving the doctors the choice of writing anywhere from a minimum of 25 to a maximum of 100 prescriptions a month, the responsibility for prescribing liquor other than for medicinal uses is put squarely on the shoulders of the individual doctor.

## AIRPLANES AND FOREST FIRES

The Airplane in Forest Fire Patrol Work is Proving Very Efficacious

Recently the initial trip was made from Kamloops, British Columbia, of a new airplane which had been flown up from Vancouver to be used in patrol work over the forests in that district administered by the Dominion Forestry Branch. The machine in use earlier in the season was returned to Vancouver for overhauling. The new plane was piloted by Major McLaurin of Vancouver and with him on this trip were Mr. D. Roy Cameron, district forest inspector, and Mr. J. A. Wilson, of Ottawa, secretary of the Air Board of Canada. The trip of 250 miles was made in three hours and twenty minutes. There had been a smoke haze for some days, which had made detection of fires from the lookout stations difficult and the use of the airplane with its greater range of visibility overcame this. No fires which Forestry Branch officers did not know of were discovered, but from the airplane the fires were classified according to their size and importance, so that suppression measures could be directed accordingly. In fact so detailed was the observation carried out by the district forest inspector that those in the plane could see the firefighters clearly and the kind of work they were doing.

### WHERE THE WHEAT BEGINS

The correspondent overheard a peculiar conversation in Spring Coulee the other day. A farmer was in a store buying some groceries:

"Want any flour?" asked the grocer.

"No, flour's too high. I can get along without it."

CANADIAN PACIFIC RAILWAY  
"THE DEPENDABLE ROUTE"

**YOU CAN GET  
150 MORE FOR A  
BUSHEL OF WHEAT**

That Is What  
You Can Do  
Provided You  
Take Advantage  
of Our Offer

WHEAT

We have made arrangements with the E. H. Heath Co. Limited who publish the CANADIAN POWER FARMER whereby we are able to offer that farm magazine together with our own weekly at the one price for both papers.

The CANADIAN POWER FARMER is Western Canada's biggest farm monthly. It is now in its twentieth year which means that it is thoroughly established throughout the West. It deals with the mechanical side of the farm. Every issue is full of helpful hints and experiences on the operation of all kinds of farm machinery from a washing-machine to a tractor. Its editor has just completed a trip of several months over Western Canada in a motor car for the purpose of studying the mechanical needs of the farmers. He visited the farmers, lived with them and worked with them. The results of his trip will appear during the next twelve months.

This offer may be withdrawn at any time. Without doubt your intention is to renew for this weekly, then why not take advantage now. Your subscription to this weekly together with a year's subscription to THE CANADIAN POWER FARMER for the same price as this weekly alone. This is where you make \$1.50 on a bushel of wheat.

Mail your cheque or drop into our office the first time you are in town.

Briefly stated, this offer means that all Subscribers of The Advocate, both new and old, who pay or are paid in advance, will receive The Advocate and The Canadian Power Farmer for the price of one. All you are required to do is to pay for The Advocate and you receive the both publications.

## CUTTING TIMBER ON FOREST RESERVES

The Conditions on Which Permits  
Are Issued Must Be  
Observed

An interesting court case came up before Mr. Wm. Knight, J. P. at Claresholm, on November 18. Information was laid by the forest rangers under section 2 (c) of the regulations for Dominion forest reserves, against Messrs. J. J. Vance, Alex. and Wallace Bell, Thos. Etherington, John Armstrong and Fred Collier, for cutting and removing timber from the Crown Forest Reserve without authority.

Considerable interest was shown in the case in view of the fact that some of the accused had timber permits but neglected to observe the conditions of the permit with reference to the location of cutting or the cutting of green timber which had not been marked for removal by the forest officers.

Mr. Chas. F. Adams, K.C. of Calgary acted as prosecuting attorney for the Department of the Interior and the necessity or requiring that the conditions of sale of timber be strictly adhered to for silvicultural and protective reasons was clearly brought before the court. The magistrate in addressing the accused, pointed out clearly that permits on Dominion forest reserves were privileges granted only under certain conditions which were to be fulfilled. Upon special request of the forest officers, only nominal fines were exacted of \$5.00 and costs for each of the six offenders. It is expected that will have the salutary effect desired by the officials of the department.

## MANY NAMES ON NOMINATION PAPERS

Four Candidates in Macleod Riding  
File Their Papers

Nomination day passed off quietly in Macleod, the Returning Officer, R. C. Jessup, was on hand with his election clerk, and took care of the candidates, or their agents, and received their nomination papers, and the cash, \$20.00, each, after which the Returning Officer deposited it to the credit of the receiver general, at Ottawa. James Fairhurst, one of the candidates, held his big meeting the evening before and was ready for the ordeal, while Candidates Gillis and Coote were in time for the play, by coming on the noon trains. They all paid, or caused to be paid for them the legal tender which is demanded by the government.

Hugh Murray Shaw, rancher and farmer, Nanton, Alta., nominated by A. Campbell, J. Smith, A. Z. Jessup and others with George Ernest McKeage as election agent.

James Fairhurst, Miner, Coleman, Alta., Frank Leary, James Kennedy and others with Alex. Cameron of Coleman as election agent.

George Gibson Coote, Farmer, Cayley, Alta., nominated by Peter Larson, W. G. Richardson, H. E. Mechen, with Walter Frantzen as election agent.

Joseph E. Gillis, Lawyer, Blairmore, Alta., nominated by Alex. Morrison, J. Comfort, J. A. McDonald and others with Arthur J. Kelly as election agent.

The annual meeting of the Red Cross Society will be held in the Council Chambers at 3.30 p.m. on Friday, December 2. Mrs. D. E. Riley, Secretary.

## BERRYWATER NEWS

The Berrywater W.F.W.A. held a meeting on November 9 at the home of Mrs. W. Oldfield.

After several items of business were discussed a very practical paper was given by Mrs. John Douglas. Mrs. Jack Baden sang a solo which was heartily enjoyed by all.

A very interesting feature of this meeting was the presentation of two linen table cloths to two brides who had celebrated golden and silver weddings recently, Mrs. John Douglas and Mrs. Edward O'Neil. An address, expressing appreciation of their help and deep interest, also good wishes from all was read by Mrs. Amey. Though both ladies were completely taken by surprise they expressed their thanks in a fitting manner.

An invitation was received from Redlandview Institute but on account of bad weather many of our members were unable to be present and missed a great treat. The cordial relations which have always existed between these two societies (as a joint member expressed it) is a matter of great satisfaction to all.

## MORE THAN 10,000 HEAD OF LIVESTOCK AT CHICAGO SHOW

Livestock men from all parts of Canada, the United States and Europe Argentine, Uruguay and Mexico attended the opening of the international livestock show at Chicago. More than 10,000 head of stock have been entered. Many famous stables are here. Twenty-one teams of four men each, representing the colleges of agriculture and stock-raising courses took part today in inter-collegiate stock judging contests.

The last gun in the campaign will be fired in the town hall, High River on Monday evening, December 5 at 8 p.m. in behalf of the Progressive candidate, Mr. Coote will be here to have a last word with the electors and other prominent speakers will address the mass meeting. All are welcome.

## PURCHASE OF COWS FOR PONOKA ASYLUM

Hon. George Hoadley Answers Criticism of Purchase of Cows in Ontario

The purchase of 73 head of high class Holstein cows in Ontario for the use of the Alberta mental asylum at Ponoka has just been made by the provincial department of agriculture.

When asked Friday morning regarding the purchase, by a newspaperman, Hon. George Hoadley said it was necessary to acquire the best supply of milk obtainable for the treatment of the mental patients at the asylum and the fine type of cows obtained in the east would assure this supply.

In reply to reports of criticism of the department for not buying milk cows in Alberta, Mr. Hoadley said, it would be impossible to purchase in the province this number of cows of the quality obtained in the east for persons owning such animals would not part with them at the reasonable price paid for the herd in Ontario. While Mr. Hoadley said, he was unable to give the exact figures he paid the information would be available in a few days.

## FARMERS PROTEST PHONE RAISE TALK

And Hon. Geo. Hoadley Hastens To Assure Them There's Nothing in it at Present

"The government has no intention of even suggesting an advance in provincial telephone rates at the present time," was the statement of Hon. George Hoadley, acting minister of telephones, in the absence of Hon. V. W. Smith, when questioned Friday morning on the subject by a press representative.

Mr. Hoadley admitted that the rural portions of the province now served with telephones were greatly concerned over a report which recently got abroad to the effect that a raise in rural telephone rates would have to be made.

"With conditions as they are at present the government realizes that an advance in rates would not be justified," commented the minister, "and the people can rest absolutely satisfied that they will not be called upon to pay higher charges for the present at least."

## RATE-PAYERS MEETING

(High River Times)

The rate-payers meeting held at the town hall on Monday evening last was not as well attended as was expected and was an evident disappointment to the mayor and the chairmen of the different committees who were there to make their reports. The occasion was deserving of more attendance as considerable time was spent in the preparation of these reports and the same should have been interesting to all property owners of the town, but as expressed, at the meeting, the small attendance was rather an endorsement of the rate-payers confidence in the management of the town's affairs, as had they been unsatisfactory a good crowd would have been present to express disapproval. The reports were submitted by the different chairmen of committees and were well received and were very satisfactory to all present. They showed a business like administration of the town's affairs with consequent good results and showed an improvement over the reports of last year. The watchword, under prevailing conditions, has necessarily been economy, and with the funds at their disposal all committees have accomplished all that was possible. Discussions were invited and different matters were brought up. The day power project was considered and it was the hope of the chairman that the people, within the business section proper, would soon be supplied with this, but the initial expense in transformers and new wiring and meters, together with the extraordinary cost of maintenance of such power, had not yet been definitely estimated and it was impossible at this particular time to make a definite statement as to its cost. This will, naturally, depend upon the number of users, which may be later determined. The meeting then adjourned.

Increasing attention is given by the London press to President Harding's suggestion of an association of nations through a series of international conferences under a gentlemen's agreement rather than by treaty.

The Edmonton Eskimos have journeyed east to Toronto to compete for Dominion honors in rugby. Although their chances are not strong our best wishes go with them. The necessary money was raised by the Edmonton citizens. The deciding game will be on December 3.

Everybody knows that in Canada there are more Templeton's Rheumatic Capsules

Sold than all other Rheumatic Remedies combined for Rheumatism, Neuritis, Neuralgia, Sciatica, Lumbago, etc.

Many doctors prescribe them, most druggists sell them. Write for free trial to Templeton, Toronto.

FOR SALE BY ERRETT KING

## BY WIRELESS PHONE TO EDMONTON

High River and Edmonton Citizens Exchange Greetings By Wireless Phone on Thursday

W. W. Grant of the government wireless station at High River, left yesterday for Edmonton for the purpose of making a practical test of wireless telephone system with the end in view of determining the feasibility of the proposed apparatus for use in aircraft for operation during the season of 1922.

Upon his arrival at the Capital today a temporary receiving station was established and speech and music was distinctly heard from the High River wireless station at Edmonton, a distance of about 250 miles. This evening communication was again established between High River and Edmonton when the editors of The Edmonton Journal and Bulletin, and the editor of The Times exchanged compliments. Mayor Bedingfield was also present and he exchanged greetings with some of Edmonton's civic fathers without any difficulty.

Mr. Grant while at Edmonton will attend to some of the details in connection with the installation of radio-phones in the far north, by the Arctic Radio Co., whereby the Port Norman country will be connected by wireless.

## BLACKIE NEWS

Mr. Wellman was a Calgary visitor last week-end.

Miss I. Potchesky of Saskatoon is spending a few days in Blackie visiting Mr. and Mrs. Martin.

The dance at Dinton was called off last Friday evening owing to the severe weather.

The skating and curling rinks opened this week and with Mr. Miller as manager of the ice we are sure of a good winter's sport.

The land tax sale on Monday afternoon was quite successful. All the land up for sale, with the exception of a few parcels, was disposed of.

To Mr. Newton the sympathy of all neighbors and friends is extended in the loss of his wife who died after undergoing an operation at Mayo Brothers Sanatorium.

Word was received in Blackie Saturday of the sudden death of Dr. Auld, a former Blackie resident. Dr. Auld died in Drumheller, where he had been residing for some time.

A meeting of the members of the Ladies' Curling Club was held at the home of Mrs. Wellman, Wednesday evening. It was decided to give a dance in the Auditorium on November 25, to raise money for the lady curlers.

The Progressive candidate, Mr. Coote of Cayley, and Mr. Sears of Nanton, were the speakers at the mass meeting held here on Friday evening last. Mr. Coote made a decided impression upon those present by his earnest presentation of the national questions of the day.

R. J. Deachman of Calgary will talk on the "tariff" at High River on the afternoon of Tuesday, November 29, in support of G. G. Coote, Progressive candidate for Macleod. Mr. Coote will also fire the last gun of the campaign at High River on the evening of December 5.

A U.F.A. meeting was held in the Rest Room Saturday afternoon with a good attendance of members. Several matters were discussed, perhaps the most important being the proposed increase in telephone rates. The speech by Sam Brown, M.L.A., was much appreciated, as it gave the farmers the assurance that Mr. Brown has their interests at heart.

We notice that the nomination meeting for the electors of the village of Blackie will be held in Union Bank on December 5. A large attendance is expected, as there are several vital problems of interest to all citizens to be brought up, which should be thoroughly discussed. Let us all turn out and show interest in our civic affairs.

The new masonic lodge will be formally opened on Friday evening, at which the district deputy grand master Mr. Fuller, of Diamond City, will be present, as well as other grand lodge officers. The ceremony will be interesting in as much as the new lodge will be instituted and the building will be used for the first time in the cause of masonry. If weather conditions are favorable, several members of Cornerstone Lodge will attend.

## TAX SALE

Sale of Lands in the Town of Vulcan For Arrears of Taxes

NOTICE is hereby given that certain lands in the Town of Vulcan will be offered for sale for arrears of taxes on Thursday, the 15th day of December 1921, at 2 o'clock in the afternoon at the office of the Secretary Treasurer at Vulcan, Alberta. A full list of the said lands may be found in the issue dated November 2, 1921 of the "Vulcan Advocate," a newspaper published weekly at Vulcan aforesaid, and unless the said arrears of taxes and costs be sooner paid the treasurer will proceed to sell the said lands at the time and place above mentioned.

Dated at Vulcan, Alberta, the 2nd day of November, 1921.  
A. J. FLOOD, Sec.-Treas.

## PROVINCIAL NEWS

There is no flying at the Aerodrome at the present time, nor has there been for several weeks. The staff at the field are however as busy as ever in preparations for the coming spring and summer campaign and will have all they can do to accomplish the plans laid out.

The U.F.A. social committee announce the next dance and whist drive for Friday, December 9. A picture show by Mr. Rogers and his machine will be given on Thursday, December 15 will be an 8-reel evening of real Xmas fun which will be followed on December 23 by a Community Christmas entertainment and treat for the children. Programme will be supplied by the public schools contiguous to Ensign. Remember these dates, Dec. 9, 15, 23. All star attractions.

## ENSIGN NEWS

Is your name on the voters' list?

A. E. Elston returned to Ensign his week.

Have you been promised anything "if elected."

Mr. Driggs of Morningside, Alta is pending the winter with his daughter's, Jackson.

A number of friends gathered at the home of J. R. Ruark on Friday to celebrate the birthday of "a son in the house."

Mr. Donald Sinclair and Mr. T. McPherson, M.L.A., addressed a meeting in the interests of E. J. Garland, U.F.A. candidate on Monday evening.

## RED CROSS NEWS

Mr. John Rushfeldt was a Calgary visitor last week.

Mr. W. C. Palmer went to Calgary Wednesday, November 16 with a carload of cattle.

Having "painted the town red" Mr. Ed. Lane returned home from Spring Coulee Saturday, November 19.

Mrs. D. L. Doane invited the institute to meet with her next, which will be Dec. 7.

Mr. Willard Love has charge of the Red Cross school, Miss Langsdon having returned to Calgary.

Mr. Harry Johnson and family have moved to Mr. Henry Graham's for the winter.

We were sorry to know Mr. Walter Steiner was suffering with blood poisoning, and may lose part of one thumb.

We notice in last week's "Advocate" the birth of a son to Mr. and Mrs. Asa Bancroft. We wish to join in congratulations.

Misses Addie and Grace Dunham and Mr. Joe Manly sang "Wonderful Story of Love" very acceptably, at the Sunday service.

Mrs. C. H. Kelly will give a description of the famous Mormon Temple in Cardston which Mr. and Mrs. Kelly visited on their trip to the south lately.

Christmas trees and entertainments are all the talk among the small fry just now! Red Cross, Mayview and Highland will each have an entertainment.

There was a slight mistake in the notes of two weeks ago. It was Mr. C. Dunham who went to Cardston. There is no "Mrs." C. Dunham yet. We hope there soon will be.

Messrs. Clare Dunham, Joe Manly and Roy Fulton have returned from the south, work on the big ditch having stopped on account of the cold dip. We are glad to see the boys home again.

We are glad to have Miss Addie Dunham among us again. Being on night duty in the telephone office in Vulcan she is able to spend Sunday at home. We congratulate Miss Dunham on her promotion to the Vulcan office.

The Gleichen Red Cross unit has been reorganized and is making plans to care for the relief in that district. On the executive, are members of the U.F.A., U.F.W.A. The Women's Institute, the Board of Trade and other local organizations.

Rev. A. C. Hayes gave a very fine sermon on the text found in 2, Cor. 3-18. It would have taken an expert stenographer to give an idea of this eloquent address, so we will not attempt it. The communion was dispensed, Mr. J. Graham and Mr. E. A. Woodman acted as elders.

This was Mr. Hayes' last Sunday with us, and while we greatly regret his leaving, we can only rejoice that he is called to devote his talents to work in a much larger sphere, and wish him every success and happiness and God's richest blessing on his work.

Why can't they leave the old Poles in peace anyway. And now comes a scientist going to bring Mars down so we can see the inhabitants (if there happens to be any) As if there were not enough trouble on the earth without getting mixed up with any more planets!

November 26—Your correspondent at Red Deer was completely frozen up last week which accounts for the staleness of these notes. An old lady back in Nova Scotia used to say it was "these expeditions to the North Pole that made it so cold." Now she would probably say, if she were living, "they are stirring up more cold at the South Pole."

Mrs. McCrae is spending a few weeks with her daughter, Mrs. Ben Graham, before leaving to join another daughter, Mrs. C. Wheeler, who has recently gone to live on a farm west of Red Deer which Mr. Wheeler has bought. We wish Mr. and Mrs. Wheeler every success and happiness in their new home. They will be greatly missed by a host of friends.

A very pleasant meeting of the Redlandview W.L. met on Wednesday last at the fine home of Mrs. Willard Snow. Several members of the Merrywater U.F.W.A. were present. There were not so many as hoped on account of unfavorable weather. A discussion on politics occupied part of the afternoon. The institute members were anxious to take advantage of the political knowledge of the U.F.W.A. members, so as to cast an intelligent vote on December 6. Mrs. Neil Campbell read "Premier Greenfield's address to the electors of Calgary," which seemed concise and sincere, and made a very favorable impression. A short program was given as follows: recitation, Evelyn Phillips; song, Mrs. H. C. Doane; song, Cora Love; recitation, Mrs. Palmer; song, Edward Lane; instrumental music, Mrs. Journey; song, Bernice Dunham. At the close of the meeting Mrs. Alfred Clayton gave a splendid demonstration of salad making. Mrs. Clayton spared no pains to make her method clear, making three fruit salads and one vegetable salad which were all tested by the ladies and pronounced good. After which a lunch was served by the W.L. members.

## RED CROSS NOTES

The hospital at Foremost has been re-opened under the management of the Red Cross. The society is co-operating with the Red Cross to maintain this hospital.

The provincial headquarters is still getting a great many calls for clothing. Old clothing donations are very welcome. They should be sent to the Red Cross, O'Sullivan Block, Calgary.

There is a steady demand for children's mitts and stockings from the districts where the Red Cross is distributing relief.

The Red Cross Hospital at Pouce Coupe is now open and some fourteen patients are being treated. Miss Collins is the matron in charge and Miss McDougal is her assistant.

Emergency organizations of the Red Cross will be established in every province in Canada. They will be ready to function in case of disasters, when relief is needed at a particular point in a hurry.

## R. A. DEACHMAN

(High River Times)

Mr. R. A. Deachman of Calgary addressed a fair-sized audience in the town hall on Tuesday afternoon last confining his talk principally to the tariff on which he is an admitted authority. He was here in the support of the Progressive candidate, Mr. G. G. Coote, and for an hour and a half held his audience in close attention. Mr. Deachman is a convincing and instructive talker with an easy delivery and complete command of the language and treated his subject in a manner applicable to the local interests while presenting facts and figures of national importance. There was a good sprinkling of ladies present who evinced their interest in the subjects under discussion. After the address Mr. Deachman invited questions from the audience and such as were presented were satisfactorily answered.

## IT CAN BE DONE

The railways of Canada and United States are conducting this month what they call a "Perfect Package" drive. The idea is to have all packages being sent by express or freight put up properly, so that loss and damage in the handling will not be so large as in the past. All packages will be inspected, and it is to be hoped the public will assist in the movement, for there is no doubt much loss is sustained by improper packing. The slogan used for this drive is "It Can Be Done."
